

String of Paper Gingerbread Men and Women

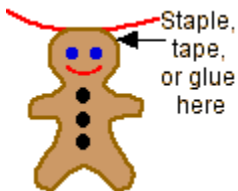

Draw a gingerbread man or woman on a piece of construction paper. Make sure to draw a rectangle on the top of the head (your gingerbread person will hang from this rectangle, which will be folded over).

Cut out the gingerbread people. Draw a face, clothes, etc.

Fold the rectangle at the top of the head over.

Attach the gingerbread person to a long string using tape, glue, or staples. Make more gingerbread people and attach them to the string.

Hang your string of gingerbread men and women across the room for a wonderful Christmas decoration.
